Design Water Bottle

NEOFLAM[®]

Bringing kitchens to life

Product Features

Vita

Safe material

Made from eco-friendly Tritan™, which is completely free of BPA.

Unique design with ergonomic handle

The exterior of the product is designed to assimilate animal shapes-penguin, fox or rabbit.

Transparency

Glass-like transparency allows to see the contents.

TPE added to the cap to enhance non-slip

Easy to wash spout

Large spout makes cleaning a breeze.

Wide neck screw makes convenient filling and pouring

Versatile

Dishwasher, refrigerator, and freezer safe.
(Top rack of the dishwasher is recommended)

Bringing kitchens to life

100% BPA free: Made with Eastman's Tritan™

Tritan™ is a cutting-edge material manufactured by Eastman Chemical Company. It is a pure copolyester which is friendly to the environment and safe for food contact.

Excellent clarity

The transparency of Tritan offers glass-like clarity, making the bottles with sophisticated look of glass but in lightweight.

Superior durability

Highly scratch and stain-resistant even in the dishwasher, refrigerator, and freezer. The bottle looks new even after multiple use.

Safety

Approved by US FDA, European EFSA, and NSF 51.
