

Design Form

•Nature

- Retro is a cookware coated by nature feeling material of Ecolon coating which has natural comfortable feeling with an antique design that heals customers' body and mind.
- Design concept, we focused on the feeling of the grip as much as possible through the smooth curved design and soft coating to give a warm feeling of mothers' soft hands and warm hugs.
- A cookware which has increased the convenience of cooking by including the steam control functions to the knob in order for the comfortable cuisine in functionality aspect as well.
- It is the best product that satisfies all sides of unique sensibility and technique.

•Shape

- Harmony of curves and straight line – Balance
- Emphasis on luxury – Classic
- Impression of Warmth – Sensitivity line
